

ABOUT THE WOODBRIDGE MUSIC CLUB

This 2026-2027 WMC Yearbook continues to reflect the fact that the Woodbridge Music Club relies on volunteers, rather than committees. (We leave open the option to utilize committees once again--as was done in the past--at some point in the future.) Updates and important news relating to our club are announced to current members by email and at our monthly Zoom meetings.

The Woodbridge Music Club was organized in 1976. It is one of nineteen senior music clubs in the Virginia Federation of Music Clubs (VFMC), and is federated under the National Federation of Music Clubs (NFMC). (The NFMC is the largest nonprofit organization in America promoting and supporting American music, musicians, and music education.) As part of the National Federation of Music Clubs, the Woodbridge Music Club provides musical opportunities for professional and amateur musicians, music lovers, music teachers, music students, volunteers, and supportive parents. Our membership includes trained musicians, amateur musicians, patrons of the arts, and music lovers alike. Our club is supported entirely by membership dues, student recital and competition fees, and donations from our audiences and benefactors. We serve the citizens of Prince William County (and surrounding counties) by promoting the performance of music and the education of student musicians. We do this in several ways:

- We present free professional concerts featuring world-renowned artists.
- We feature additional free concerts, performed by members and local musicians.
- We provide additional performance opportunities for members through participation in formal programs open to the public as well as more relaxed house concerts (in the homes of member volunteers).
- We provide educational forums for musicians, music students, and music teachers, such as workshops, master classes, lecture recitals, and round-table discussions.
- We provide a teacher referral service for those seeking music lessons.

The Woodbridge Music Club welcomes all who appreciate music and who choose to be involved with furthering the arts in our community. We strive to enrich lives with music and music education by focusing on activities that promote musical and personal growth, and that stimulate achievement and confidence in our student musicians.

Woodbridge Music Club Mission

Our mission is to promote music through music instruction, private and group music lessons, student performance opportunities (recitals, etc.), and free professional and amateur concerts. We also sponsor several competitions for student musicians studying with a teacher who is a current member of the Woodbridge Music Club.

Our Vision for the Future

We envision a community rich with musical opportunities for students, teachers, and music lovers—a community continually enriched by music lessons, music competitions, music education, and amateur and professional free-of-charge performances.
